Data Set List Utility

Option ==>

blank Display data set list          P Print data set list
V Display VTOC information           PV Print VTOC information

Enter one or both of the parameters below:
Dsname Level . . DES.ATM.*
Volume serial . .

Data set list options
Initial View . . . 1  1. Volume      Enter "/" to select option
                     2. Space        / Confirm Data Set Delete
                     3. Attrib       / Confirm Member Delete
                     4. Total        / Include Additional Qualifiers
                                   / Display Catalog Name

When the data set list is displayed, enter either:
"/" on the data set list command field for the command prompt pop-up,
an ISPF line command, the name of a TSO command, CLIST, or REXX exec, or
"=" to execute the previous command.
